COMPANY BROCHURE

# An Introduction

An ISO 9001:2015 certified company involved in manufacturing precision machined parts, press tools, and design and development of Proto components. We are experts in machined parts with complex geometry and Prototype development. We also undertake CMM inspection service.

## *Our strengths are*

- Young and energetic skilled engineering team
- State-of-art infrastructure
- Commitment towards quality

*Let the number speak for us,*

**50+**

Well trained  
employees

**2015**

Year of  
establishment

**2900+**

Finished complex  
geometrical  
machined parts

## Our Capabilities

- **Machined parts**  
*(i) Machined parts with critical geometry and dimensions*
- **Press Components and Press Tools**
- **Design and Development of Proto Components**  
*(i) 3D printing*  
*(ii) Machined parts*  
*(iii) Sheet metal parts*
- **CMM Inspection Service**

# Our Infrastructure

**EXITEC EX40 2015**

**MITSUBISHI  
MV1200 2016**

**MITSUBISHI  
FA20S 2017**

**MAKINO SLIM 3N  
- 4AXIS 2018**

**MAKINO SLIM  
3N 2019**

**MAKINO PA 105 2020**

**HARTFORD  
MV1100 2021**

**TSUGAMI  
TURNING 2022**

**CMM - WENZEL 2023**

# Why Linga Bhairavi Engineering?

- ✓ One stop shop for complex geometrical machined parts
- ✓ Highly skilled, young engineering workforce
- ✓ ERP controlled process
- ✓ State of art machinery and software
- ✓ Stringent Quality Policy
- ✓ CAD / CAM
- ✓ ISO 9001:2015 certified
- ✓ ZED certified

## Industries we served

Leveraging the vast industry experience of our skilled engineers, we are capable of producing high volumes of CNC components with exceptional precision within a short turnaround time.

- Automobile Industry
- Automation Industry
- General Engineering
- Agricultural Industry
- Machine Tools
- Electrical & Electronics
